Dear Parents/Carers

### **Bringing Ingredients for Food Technology**

Due to Covid 19 we have had to make some changes to our normal procedures for bringing food into school for Food Technology. We have tried to keep the curriculum as close to normal as possible but are facing some restrictions. I have listed the changes below and apologise for any inconvenience.

- Students should bring their ingredients into school in wrapping or tubs that do not need to be returned home. We can recycle items if appropriate.
- Please **do not** send students with containers or dishes to bring their food home, these will be provided.
- Make sure items are weighed correctly and students do not bring extras.
- All bags need to be very clearly labelled with your child's full name and tutor group.
- Food should be dropped off and collected from cool boxes labelled with their year group that will be outside the room each day. Students cannot have access to the room other than during their lesson.
- Many of the recipes have been reduced so only small portions are cooked.
- Food not collected on the day of cooking will be disposed of the next day.

Thank you for your support.

Yours sincerely

Mrs F August  
Head of Design Technology
