

St Peter's

Club Booklet

Discover, get involved,
and find your club

Introduction

At St Peter's, we are delighted to have a broad and inclusive extra-curricular offer. We encourage every student to make the most of these activities and push themselves to get involved with something new this year.

This booklet gives a brief overview of each club that is running this half term, as well as a rota of when these clubs are happening. Students should make note of any changes in the Student Bulletin in each week.

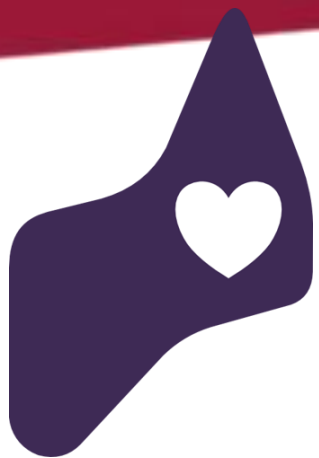

New clubs for this half term have been highlighted in **red text in the timetable** your convenience.

We would particularly like to thank the many staff who are giving up their free time to run a club.

Clubs rock...

Love: Being part of a club helps you build friendships, show kindness, and support others as part of a team.

Reflection: Participating in a club allows you to think about your experiences, recognise your strengths, and learn from challenges.

Justice: Clubs teach fairness, respect, and inclusion by ensuring everyone's ideas and contributions are valued.

Service: Many clubs provide opportunities to help others, contribute to the school community, and make a positive difference.

Courage: Joining a club takes confidence and encourages you to try new activities, meet new people, and step outside your comfort zone.

Club timetable

Monday
